

# Training for SSVF grantees on FAMILY CTI

Learn from the experts, make your Supportive Services for Veteran Families program a success.

We offer online and onsite training on Critical Time Intervention (CTI) that prepares agencies to implement this evidence-based practice with individuals and families. We train agency teams that include clinical supervisors, program directors, case managers, peer specialists and other key staff.

We have assembled the experts to offer two unique training options to SSVF grantees:

## ONLINE:

This 8-week long instructor led online course is conducted on t3's distance education platform, and led by Family CTI experts from CUCS and SP<sup>3</sup> Innovations. Take advantage of our innovative online training technology...and no need for staff to travel. This course includes 24 hours of intensive instruction through live webcasts, small group facilitation, team assignments, and online discussion forums. Teams connect with Family CTI experts and other teams from around the country through weekly webcasts and small group coaching sessions. They also receive individualized feedback from instructors on assignments. For six months following the course, each team receives 10 hours of ongoing implementation support through webcasts and coaching sessions for clinical supervisors, program directors, and CTI workers.

Price: \$6,000 per agency

## ONSITE:

Our team provides 12 hours of onsite customized training for your team on the skills and knowledge necessary to implement Family CTI, along with cases that are tailored to working with veterans and their families. Two expert trainers focus on CTI phases, family areas of focus, how to increase your effectiveness working with parents and children, and how to help families meet their goals in the community. Following onsite training, we provide up to 15 hours of implementation support through a combination of live webcasts as part of a learning collaborative and coaching sessions for clinical supervisors, program directors, and CTI workers.

Price: \$8,750 per agency plus travel expenses

## ADDITIONAL SUPPORT:

We are also available for additional onsite or online implementation support and coaching as needed beyond what is included in the online and onsite training packages described above. Price: \$150/hr.

## CEUs:

Continuing education credits are available for both online and onsite training courses.

## OTHER TRAINING:

In addition to CTI, we also provide training on a wide range of topics, including Motivational Interviewing, an evidence-based practice that is essential to implementing CTI, and one that is widely used among CTI teams around the world.

## CONTACT:

For more information, or to register for one of our trainings, please contact Paul Howard, Associate Director, CUCS Training and Consulting Services at (212) 801-3344 or [phoward@cucs.org](mailto:phoward@cucs.org).
